A Flash from Our Week

Reading: **Chocolate Fever**

They are doing great with our novel study! We will continue reading the book this week! We are working on dictionary, vocabulary, connections and summary skills!

Math: **Multiplication**

Ch. 6 was our last chapter devoted to multiplication facts. This week we will take a break from our chapter work and dedicate the time to memorizing facts and applying them to problems. Keep practicing at home with flashcards!

Michigan: **Ch. 4. MI statehood**

We are now looking at how MI changed after the War of 1812. We will also talk about the Erie Canal and how that brought even more people to Michigan!

Science: **Unit 2 Heredity and Traits**

This is the final week on this unit! We will finish up learning about DNA and alleles. On Wednesday we will do an experiment with dominant and recessive genes! We will study on Thursday and take the Unit 2 Test Friday.

Religion: **Ch. 12**

This week we are reviewing the sacraments! We will look closely at them again and discuss why we need them! We have postponed our Holy Water discussion until the bottles come in that Father ordered for them!

Join us for adoration at 9am Wednesdays!

Snapshot from our week!

We sure were busy during our short week! They are loving their music class with Mr. Reeves! This week they took turns trying the xylophone! They are doing so great with the novel study! They have groups to help each other with some of the chapter work. We are using books in mass again and they did so well with them! I love to hear them sing! They answered many questions during the Homily today!
