Math: Ch. 10: "Addition Within 10"; adding 2, 3, and 4 to numbers; finding patterns in addition.

Religion: Chapter 16: "God The Father Gives Us Jesus"; Adoration; pray over class helper daily; pray one decade of the Rosary daily. Atrium lesson: Baptism.

Science: Continuing to learn about water: how water moves, water's "skin"

Social Studies: Community workers; rules and laws

**Testing for report cards this week.

Optional Conferences

At this time of year, after the 2nd quarter, I like to be available for a conference. After report cards are completed, and you have viewed your child's (January 19th), let me know if you would like to talk. We can have a phone or Zoom conference if you are more comfortable with that. I will contact you by the end of next week (Jan 21) if I would like to meet with you. If you don't hear from me, consider your child doing well in all areas, right on track with academic progress, and working well with adults and peers. If this is the case, but there are still things you would like to discuss, please don't hesitate to contact me.

100th Day Celebration

Our 100th day of school is approaching quickly! It will be on February 8 unless we get snow days between now and then. We will be celebrating with our 4th grade buddies. I will give you more details closer to the date about the activities we will be doing, but I wanted to mention two of them now so you can prepare.

- Kindergartners will be allowed to wear a 100th day shirt. These can be homemade with 100 items on the shirt, or purchased. I have seen some on sites such as Amazon. This is optional, of course.
- One of the activities we will be doing is a 100 cereal box domino chain with our 4th grade buddies. We are asking for full boxes of cereal donations so we can get up to 100 boxes by Feb. 8. After our 100th day, we will donate the boxes of cereal to an organization yet to be determined (if you have ideas of a location, please let me know).

Heads up for 2-2-2022

"Twos-day"! We will be having some fun activities school wide for this day. Students will be allowed to wear a special "twos" shirt (we have seen some online, or you can make one), dress as twins with another student, or any other idea you may have to celebrate "twos".
